ADDISON REISS

ADDISON SLOAN

KAYLA STILWELL

# ADDISON REISS

Addison's love of dance began at a very early age. She would spend countless evenings dancing along to the TV show "Shake it Up" and showing off her incredible moves while watching "Despicable Me".

Thankfully, we have plenty of videos to prove that her passion was there from the very beginning.

Her dance journey eventually led her to Dance Action the second time around. She explored other activities along the way, but dance is where she truly felt at home. Dance became an outlet for Addison to challenge herself, grow in confidence and discover just how much she could achieve. Through dance, she learned the value of hard work, perseverance and dedication.

Our hearts swell with pride every time we watch her perform on stage. Seeing her do that she loves has been one of the greatest joys of our lives and it's an experience we will cherish and miss deeply.

This fall, Addison will bring her tap shoes to the University of Tampa where she will study marketing and media. Whether she joins a dance team or simply finds her way to the fitness and dance studios to tap or herself, we know dance will always be a part of who she is.

Addison, your future is full of exciting possibilities, and we cannot wait to see where life takes you next. We are beyond proud to be your parents. You are kind, loving, generous, determined, strong and wonderfully spirited.

Keep believing in yourself and following your dreams – we know you are destined for amazing things.

Dance has been such a huge part of my life, and I am so grateful for every moment I've spent in the studio and on stage. I want to thank my teachers for pushing me to grow, believe in myself, and become not only a stronger dancer but a stronger person. Your support, patience, and passion mean more than I can put into words. To my teammates and friends, thank you for all the laughter, memories, and encouragement along the way. You've made every rehearsal and performance unforgettable. I'm so lucky to have shared this journey with you. To my family, thank you for the endless support, rides to and from the studio, and for always being my biggest fans. I couldn't have done any of this without you. Dance will always hold a special place in my heart, and I will carry everything it has taught me into this next chapter.

# ADDISON SLOAN

From the moment Addie was old enough to stand, it was clear that dance would always be part of who she is. We still vividly remember bringing her to her brother's karate class one Saturday morning when, at just two years old, she heard music coming from the back of the studio.

Curious and fearless as always, she slipped down the hallway to see where the music was coming from. When she peeked through the doorway and saw girls dancing in leotards and ballet shoes, a new love was born.

Week after week, she would wander back there to "watch the big girls dance." We will never forget the day Ms. Carol spotted her peeking in from behind the divider and invited her in to join the older girls. From that very moment, she was hooked. Carol told her she could start classes as soon as she was potty trained, and just a few short months later, Addison proudly began her very first dance class just shy of her third birthday.

Over the past 16 years, watching Addie grow into the confident, talented, and beautiful dancer she is today has been one of the greatest joys of our lives. But even more than that, we have watched her grow into a strong, kind, and determined young woman. The friendships, guidance, and love she has received from her instructors and peers have meant more than words can express. Her dance family has helped in part to shape her into who she is, and for that we will always be grateful.

Addison, your passion, dedication, and heart have always shone both on and off the stage. Watching you dance has been a gift, but watching you become the incredible person you have been an even greater one. We are so proud of everything you have accomplished and cannot wait to see where life takes you next.

Congratulations, our beautiful girl. Keep dancing through life the way you always have with joy, courage, grace, and passion.

Dance has been such a huge part of my life for as long as I can remember, and Dance Action has truly been my second home. From the time I was little to now, this studio has given me so much more than just dance. It has given me confidence, friendships, and memories that I will carry with me forever.

I've grown up surrounded by the most supportive teachers and teammates who have pushed me, believed in me and helped shape me into the person I am today. Thank you to all of my teachers for your patience, guidance and for always encouraging me to be my best. You have made such a lasting impact on my life.

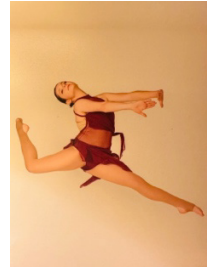

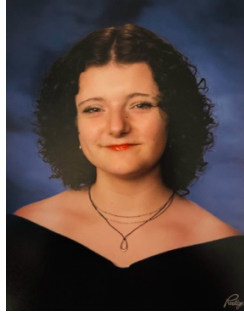

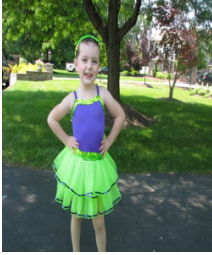

To my teammates and best friends, thank you for all the laughs, the long nights, the early mornings and every moment in between. Growing up and dancing alongside you has meant everything to me. These are the memories I will miss the most.

Thank you to my family for your constant love and support, for driving me to countless classes and competitions and for always being my biggest fans.

Leaving this chapter is so bittersweet, but I know Dance Action will always be a part of me. This is not goodbye. It is just a see you later.

With so much love and gratitude,  
Addie

Dancing at Dance Action is one of those things that has always been a part of my life. I started when I was three years old, and I hardly remember my first few dances. As I've grown and joined competition, however, I've formed unforgettable memories and bonds with my teammates and teachers. Performing on stage always gave me something to look forward to as I grew and fought through difficult times. Ms. Carol and everybody else at the studio was quick to jump to my aid in my hardest moments. In addition to that, dance has been an amazing outlet for me. I love dancing with some of my closest friends on stage and learning more and more every time I step foot into the studio. I dedicate hours of my life to this passion I have for dance, but more than that, to the passion I have for my amazing team. Thank you to all the phenomenal teachers I have had over the years at Dance Action. Thank you to my kind and talented friends that I have made through this art. I love this studio so much and I wish everyone in it the best of luck for the future. Thank you, Dance Action, for everything you've done for me!!
